

## The 28th North American Catalysis Society Meeting

June 18–23, 2023 ■ Providence, Rhode Island

Dear Catalysis Researcher,

As co-Chairmen, we would like to invite you to attend the 28th biennial North American Meeting of the North American Catalysis Society, to be held at the Rhode Island Convention Center in Providence, Rhode Island, USA on June 18-23, 2023. The North American Catalysis Society Meeting is one of the premier scientific events in the field of catalysis. It is a forum for the discussion of relevant technological issues and state of the art research.

The meeting will focus on technological challenges, breakthrough discoveries and state-of-the-art industrial research in catalysis. This conference is shaping up to be one you won't want to miss!

Additional information regarding the 28<sup>th</sup> North American Meeting is available on the North American Catalysis Society Meeting's website: <http://www.nam28.org/>.
